Welcome and Review Norms

Revise and Update Parent Involvement Plan

We reviewed the Parent Involvement Plan and did not feel that there were any updates or revisions that should be made to it at this time.

Update Student Incentives

The 7<sup>th</sup> and 8<sup>th</sup> grade Team has decided to do the incentive of a movie and popcorn in the LGI for the 1<sup>st</sup> marking period. Denise Knowles reported on how much money that SDM has available at this point (around \$1,100.00). We would be willing to finance an incentive for the students for one of the other marking periods. Denise also suggested maybe using home basketball games as an incentive for the students as well. We could give the students who earn it a pass to one of the home basketball games. Lisa mentioned that this may even work for the idea that the 7<sup>th</sup> and 8<sup>th</sup> grade team had of having a reward for “students of the month”.

Charging Admission for outdoor athletic events

I shared information from Kevin Rosko with the committee regarding charging admission for outdoor athletic events (i.e. soccer, baseball, track). Kevin stated that the Board of Education decided to start charging for these athletic events once the deficit hit us. The money goes into the general fund, with the Administration deciding what it will be used for.

Other

Denise Knowles mentioned that she has been in as a sub recently and commented on the level of respect shown to substitutes and/or taught by the teachers to the students. This is an issue that has been discussed a lot in recent years and will be on our next agenda.
