October 16, 2020

Dear Parents and Families,

We were notified by Steuben County Public Health that one of our bus drivers tested positive for COVID 19.

This individual last drove Thursday morning, October 15. We have worked with public health and the contract tracing investigation has been completed. All individuals who came into close contact with this employee have been notified and placed in quarantine. The bus in question was also thoroughly cleaned and sanitized.

The investigation also revealed that this individual had a previous contact with a positive case not associated with the District.

COVID 19 continues to spread outside our school in the community. We ask you to follow all of the health practices that will keep you and your family healthy and our schools open. Please make sure that you and your family practices social distancing, wear masks or face coverings when out in public, sanitizes frequently and avoids gatherings of folks outside your family group.

Working together we can slow the spread!

Yours truly,

A handwritten signature in blue ink, appearing to read "Kathleen", written over a faint circular stamp.
